

H6

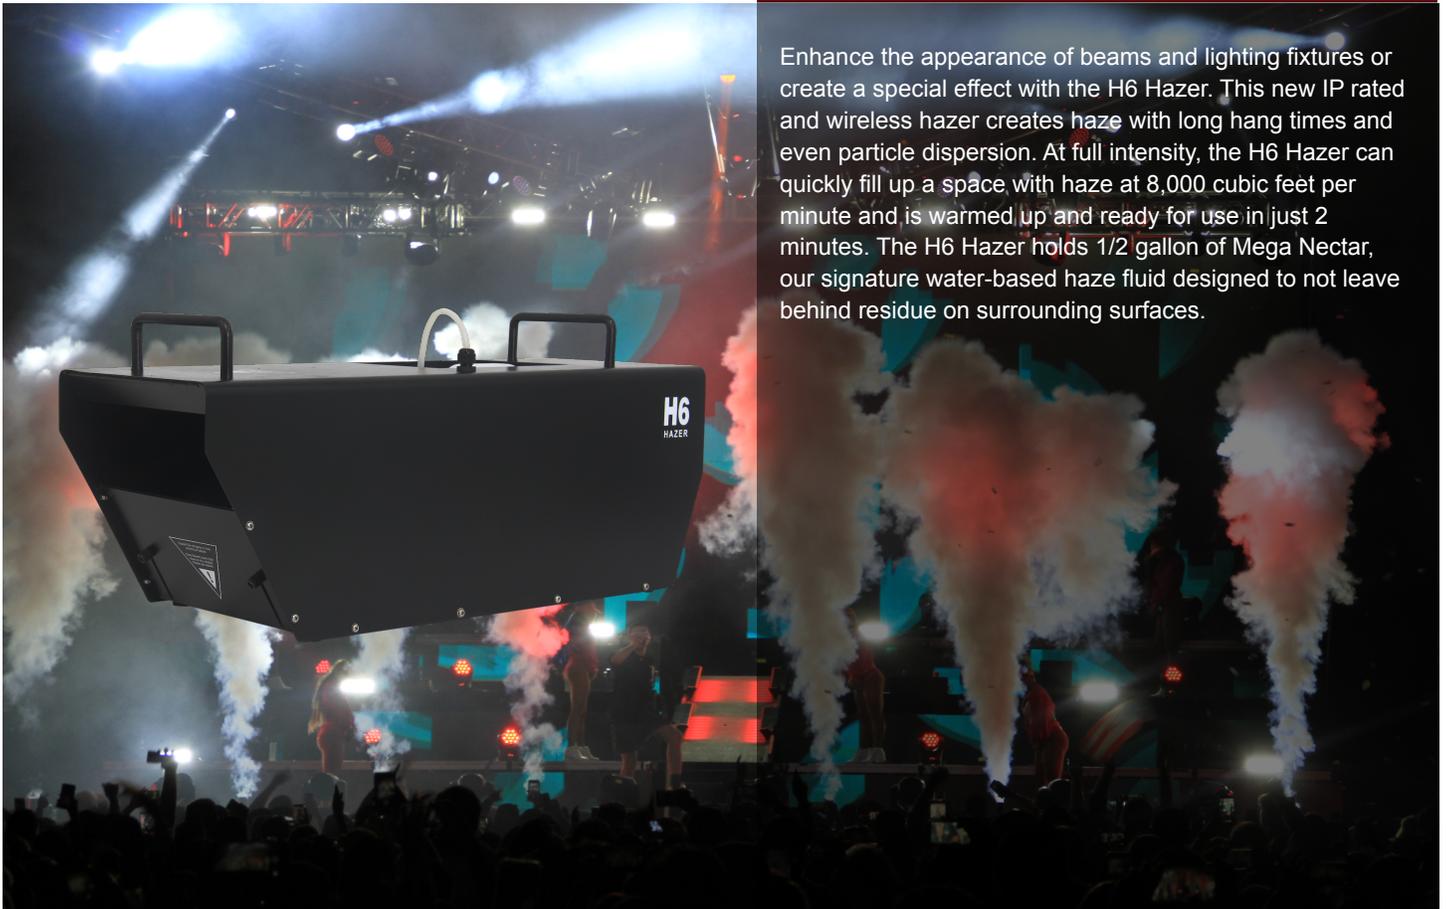

HAZER

MEGA LITE[®]

PRODUCT SPECIFICATION SHEET

DESCRIPTION

Enhance the appearance of beams and lighting fixtures or create a special effect with the H6 Hazer. This new IP rated and wireless hazer creates haze with long hang times and even particle dispersion. At full intensity, the H6 Hazer can quickly fill up a space with haze at 8,000 cubic feet per minute and is warmed up and ready for use in just 2 minutes. The H6 Hazer holds 1/2 gallon of Mega Nectar, our signature water-based haze fluid designed to not leave behind residue on surrounding surfaces.

MEGA NECTAR

The H6 Hazer holds up to 1/2 a gallon of haze fluid for long usage time.

IP RATING

With an IP rating of 53 the H6 Hazer is ideal for use in indoor or outdoor venues and events.
